ABOUT US

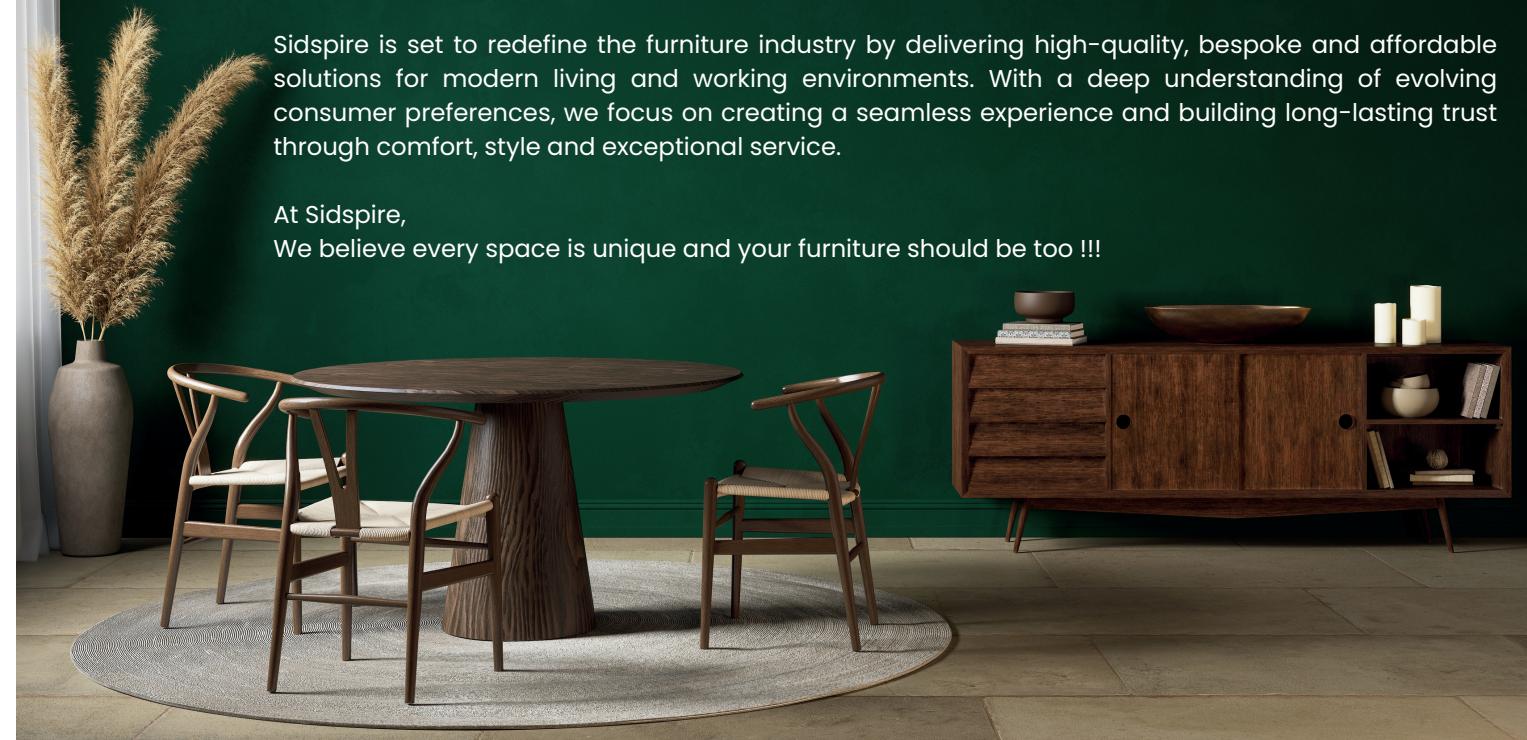

Sidspire Ventures LLP is a global new-age furniture brand that blends style with functionality. Every product is made to order, fully customised & exclusively crafted to meet the unique needs of clients.

Backed by over 25 years of experience, our team brings unparalleled expertise and craftsmanship to every project. Our primary verticals include Residences, Offices, Hotels, Hospitals and Schools, where we offer end - to - end turnkey solutions that elevate spaces with our furniture tailored to your vision.

Sidspire is set to redefine the furniture industry by delivering high-quality, bespoke and affordable solutions for modern living and working environments. With a deep understanding of evolving consumer preferences, we focus on creating a seamless experience and building long-lasting trust through comfort, style and exceptional service.

At Sidspire,

We believe every space is unique and your furniture should be too !!!

OUR VISION

To become a trusted leader in the furniture industry by providing exceptional and personalised experience across both residential and commercial verticals, offering furniture that is stylish, functional & tailored to client needs.

OUR MISSION

At Sidspire Ventures, our mission is to craft bespoke furniture experiences that bring together innovation, craftsmanship and personalisation.

We strive to:

- Deliver fully customisable, made-to-order furniture that elevates every space.
- Combine global design expertise with local craftsmanship to create products of enduring value.
- Build lasting relationships by delivering exceptional quality furniture along with personalised service and create a foundation of enduring trust among clients.

SIDSPIRE
BESPOKE
FURNITURE

Redefining hotels and clubs with furniture that blends elegance, comfort and bespoke design is one of the core mantras of Sidspire. We cater to both Classic/Indian and Western/Contemporary styles, ensuring every creation aligns with the vision of architects, designers and their clients. Our furniture is fully customizable—including color, finish, size and material—allowing for truly unique interiors. By supplying elegant seating, beds, side and center tables, wardrobes, lounge chairs and outdoor furniture, we create sophisticated, unique and unconventional ambiences that elevate guest experiences.

FURNITURE

A well-designed hospital should be safe, comforting and seamlessly functional for both patients and medical professionals. At Sidspire, we specialise in sourcing furniture for patient rooms, consultation areas, waiting lounges and contemporary cubicles for staff & administrative offices. Our solutions prioritise hygiene, comfort and efficiency while meeting strict industry standards. Each design is fully customisable to match the workflow and aesthetic vision of the founder, creating environments that foster care, efficiency and a sense of calm.

At the heart of every educational institution is the need to create inspiring, efficient and student-centric learning spaces. Sidspire supports this mission by supplying ergonomic desks and seating for classrooms, functional furniture for staff rooms, executive setups for principal and chairman offices, purpose-built workstations for laboratories and well-organized layouts for administrative areas. Every piece is thoughtfully sourced to optimize space, reflect institutional identity and foster an environment that encourages focus, engagement and meaningful academic growth.

OUR USP

- All products are made to order, allowing clients to personalise every detail from design to material to functionality, ensuring a perfect fit for their unique space.
- Specialised furniture solutions for residences, offices, hotels, hospitals and schools that blend aesthetics with practical functionality tailored to the specific needs of each sector.
- Offering end to end service for large scale projects including procurement from around the globe, logistics, transportation services and installation, providing a seamless experience.
- Engaging with industry experts such as architects, interior designers, contractors and lighting consultants to create products that meet specific user needs.
- Incorporating advance & smart technologies in furniture design, especially for sectors like healthcare and education.
